World Day of Migrants & Refugees

Throughout history, humans have migrated across the globe, making their homes in new places. Yet, at this moment, we are experiencing the largest migrant & refugee crisis in modern history. Conflict, poverty & violence have forced tens of millions of people away from their homelands into unknown futures because the insecurity of the journey is preferable to the unsafe conditions in their own homes & countries. We know God is with our sisters & brothers seeking refuge – will we answer the call to stand with them & recognise that we share their journey?
