*Dear God, I hope I get the results I want. Help me to feel at peace until I receive them – help all the class as well, especially those who think they didn't do as well as they had hoped. Thank you for the friends we made throughout our school lives, for the teachers & school staff who were always willing to help us, especially coming up to the exams. Thank you for my family & friends, who gave me support during this year & always. Lord, give me the confidence to know my own value does not equate to grades or points. Please help me that I will always use my talents for good. Amen.*
