We invite as many of you as possible, all people, all ages, to get out & photograph areas of natural beauty in your parish & to submit them to Fr. Gerard Fitzgerald at fitz.ger@gmail.com. The pictures may be included in a DVD celebrating our parishes.

A Blessing For All Who Face Change

As September begins, it brings with it times of change for many people – With these changes in mind, we send a simple blessing to all who face a new path at this time!

May you find serenity & tranquillity in a world you may not always understand. May any pain you may know, and any conflict you may experience, give you strength to walk through life, facing each new situation with courage & optimism. Know that there are those whose love & understanding will always be there, even when you feel most alone. May a kind word & a warm smile be yours every day of your life, & may you give these gifts as well as receive them. May you not become too concerned with material matters but instead place immeasurable value on the goodness in your heart. Realise that each person has limitless abilities, but each of us is different in our own way – what you may feel you lack in one regard may be more than compensated for in another. What you feel you lack right now may become one of your strengths in the future.

May you always see your future as one filled with promise & possibility. View everything as a worthwhile experience that you may learn something from. May you find inner strength to determine your own worth by yourself & not be dependent on another’s judgement of your accomplishments.

May you always feel loved.
